## Professional Summary

Highly Efficient software engineer with 3+ years of experience in front-end and full-stack web development, specializing in React.js and Next.js, adept at crafting high-performance, user-centric applications that drive engagement and conversions.

Proficient in modern JavaScript (ES6+), TypeScript, Tailwind CSS, and ShadcnUI, with hands-on experience building scalable interfaces and RESTful APIs using Express.js, and implementing state management through React Query and Redux.

Demonstrated ability to optimize application performance and improve user engagement by up to 30%, with practical SIWES internship contributions at EduTAMS involving Vue.js and Laravel, as well as being a Frontend Developer — Converting Figma Designs to Functional Web Applications — at TekkTopia.

Passionate about clean UI/UX design, continuous learning, and leveraging modern technologies tools—such as Next.js and React.js—to deliver robust, secure, and maintainable software solutions for diverse teams.

---

## Skills

- **Frontend Development:** Next.js, React.js, JavaScript, HTML5, CSS3, Tailwind CSS, DaisyUI.
  - **Backend Development:** Express.js.
  - **Tools and Libraries:** TypeScript, Sanity CMS, Clerk.
  - **UI/UX Design:** Figma, Responsive Design, Cross-Browser Compatibility.
  - **Other Tools:** Git/GitHub, Vercel, Netlify, Framer Motion, Vite, Figma.
-

## Recent Projects

### David O Portfolio Website

- URL: <https://david-o-site.vercel.app/>
- Developed a visually compelling portfolio website for a client, leveraging React and Tailwind CSS for seamless responsiveness and modern aesthetics.
- Integrated Sanity CMS for efficient content management and client customization.
- Collaborated with a UI/UX designer to design an appealing interface for increased user engagement.

### TekkTopia Official Website

- URL: <https://tekktopia.com/>
- Created a responsive Official website for Tekktopia using React and Tailwind CSS.
- Ensured cross-browser compatibility and optimized loading speed for better user retention.
- Followed Figma Specifications accurately.

### Organic Food Site

- URL: <https://organic-food-site.vercel.app/>
- Created a responsive e-commerce website for organic food products using React and Tailwind CSS.
- Focused on UI/UX principles to design an intuitive shopping experience with clean layouts.

### Kora Real Estate Management Application

- URL: <https://kora-kappa.vercel.app/>
- Perfectly Replicated a Figma Design with Next.js, TypeScript and Tailwind CSS to produce a functional Web application.
- Collaborated with an Experienced Backend Developer and Designer to Draft an appealing interface for the Application

-

## Education

### **B.Sc. Software Engineering.**

**Mountain Top University**

September 2022 – December 2026

- **First Class CGPA 4.79**
- **NACOS EXECUTIVE 2024-Present**
- **Assistant Technical Unit Leader.**
- **Member MTU STEM Community.**
- **Project Manager ATC Africa (MTU Chapter)**

### **High School Diploma.**

**Nobel House College**

September 2017 – September 2022

- **Dux Scholar 2022**
  - **Best IGCSE Result 2022**
  - **Assistant Senior Prefect 2021/2022**
  - **Hostel Prefect 2020/2021**
-

## Work Experience

### Fullstack Development Intern.

EDUTAMS LTD, NIGERIA.

March 2025 – Present

- Consistently met project deadlines by effectively managing time and prioritizing tasks according to importance.
- Experience with Web Development Tools such as Vue.js and Laravel.
- Analyzed proposed technical solutions based on task requirement.
- Developed scalable and maintainable code, ensuring long-term stability of the software.
- Collaborated with management, internal, and development partners regarding software application design status and project progress.
- Established efficient communication channels within the team, leading to better collaboration among members during project development phases.

### Software Developer (Frontend)

TekkTopia LTD, Nigeria

September 2024 – Present

- Develop user-facing features using React.js, Typescript and TailwindCSS.
- Collaborate with designers to ensure design quality and functionality.
- Ensure the technical feasibility of UI/UX designs.
- Optimize web applications for maximum speed and scalability.
- Conduct code reviews and maintain documentation.
- Leverage branching and pull requests on GitHub to manage feature development and bug fixes, ensuring smooth collaboration with other developers and minimizing merge conflicts.

### Frontend Engineer

Mountain Top University, Nigeria

March 2024 – April 2024

- Developed a functional Service Timer Application using HTML, CSS, and JavaScript to ensure proper time management during chapel services.
- Designed an appealing and easy-to-use User Interface to make software pleasant for new users.
- Ensured appropriate feedbacks are given to the user to enhance user experience.

## Web Developer (Frontend) Intern

Internpedia, India.

July 2024 – August 2024

- Developed responsive websites using HTML, CSS, and JavaScript.
  - Designed user-friendly interfaces with a focus on accessibility and usability.
  - Implemented interactive features using Bootstrap and other JavaScript libraries.
  - Collaborated with a remote team to complete projects under tight deadlines.
- 

## Certifications

- Certified Software Engineer, IBM [March 2024].
  - Certified JavaScript Developer, FreeCodeCamp [May 2024]
  - Certified Python Developer, Sololearn [May 2024]
  - Certified Web Developer with Angular, Sololearn [December 2023]
  - Certified Web Developer, FreeCodeCamp [August 2024]
  - Certified JavaScript Developer, John Hopkins University [July 2024]
-
